Agenda

Students as Video Caption Editors

David Morgan, Digital Education Developer, University of Bristol

In this session, David will discuss some of the evolving strategies used to develop The University of Bristol's captioning service, to get closer to meeting accessibility regulations.

- Fix Your Content Day – Updates from the Winners.

- Community Updates.

- Any other business.

Discussion

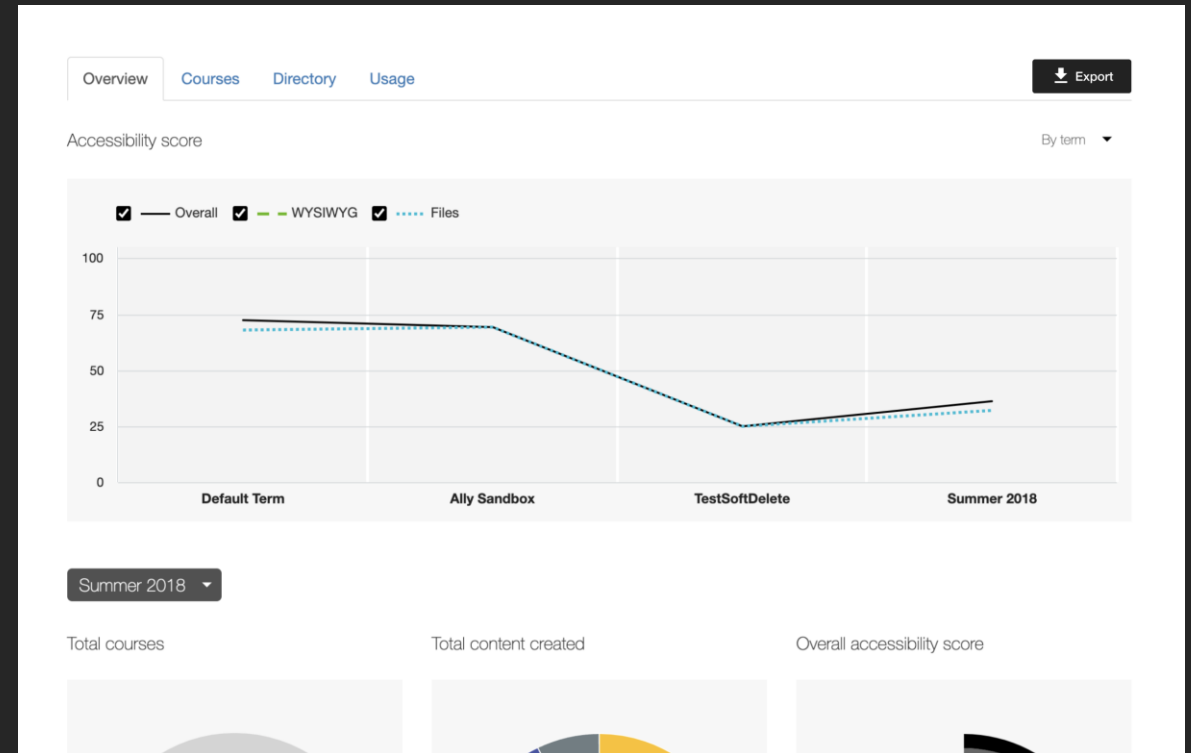

Discussion: How is your institution using EPUB?

- Do you promote EPUB Alternative Format?
 - Do you measure the use of EPUB from Ally Alternative Formats?
 - How are students using EPUB?
- 

Discussion: Export Institutional Report

Question:

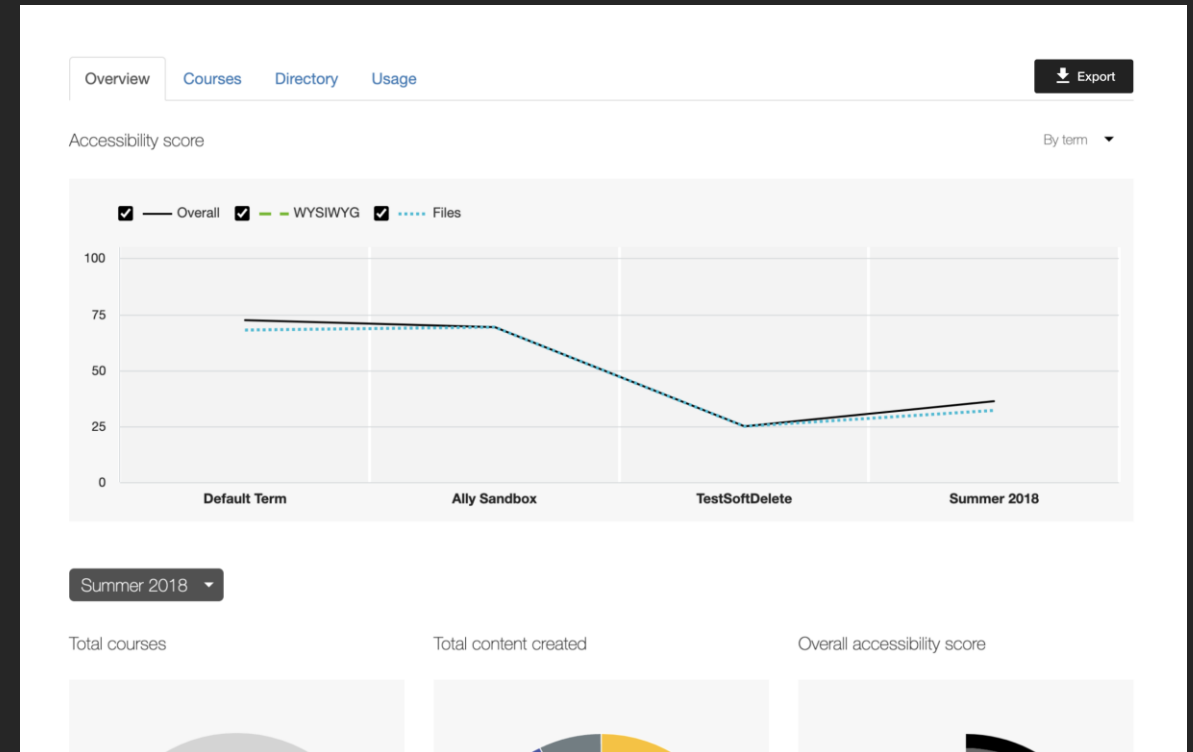

When you're using 'Export' to Export data from the Institutional Report, what are some of the issues you're currently experiencing?

Discussion: Export Institutional Report

Some issues we've heard:

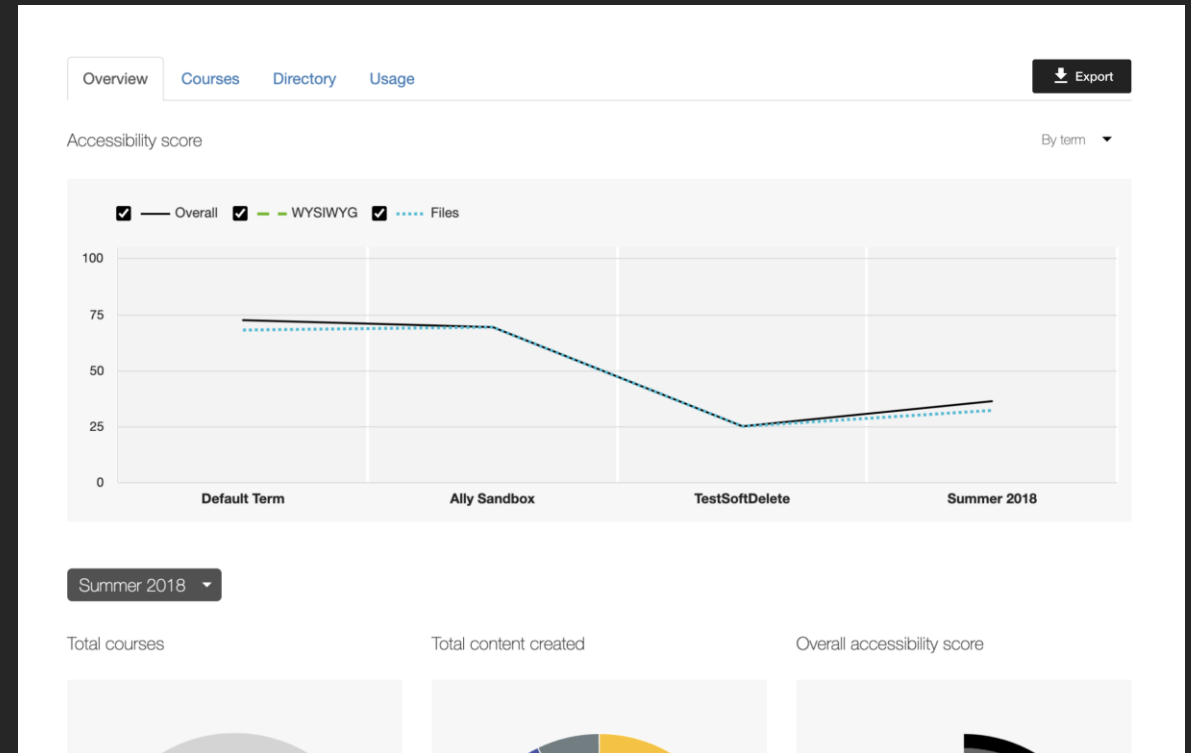

- Data snapshots: 'out of date' immediately (not live)
- For use of 'regular reporting', pulling of data would have to happen regularly
- Time consuming if want to edit

Discussion: Export Institutional Report

Question:

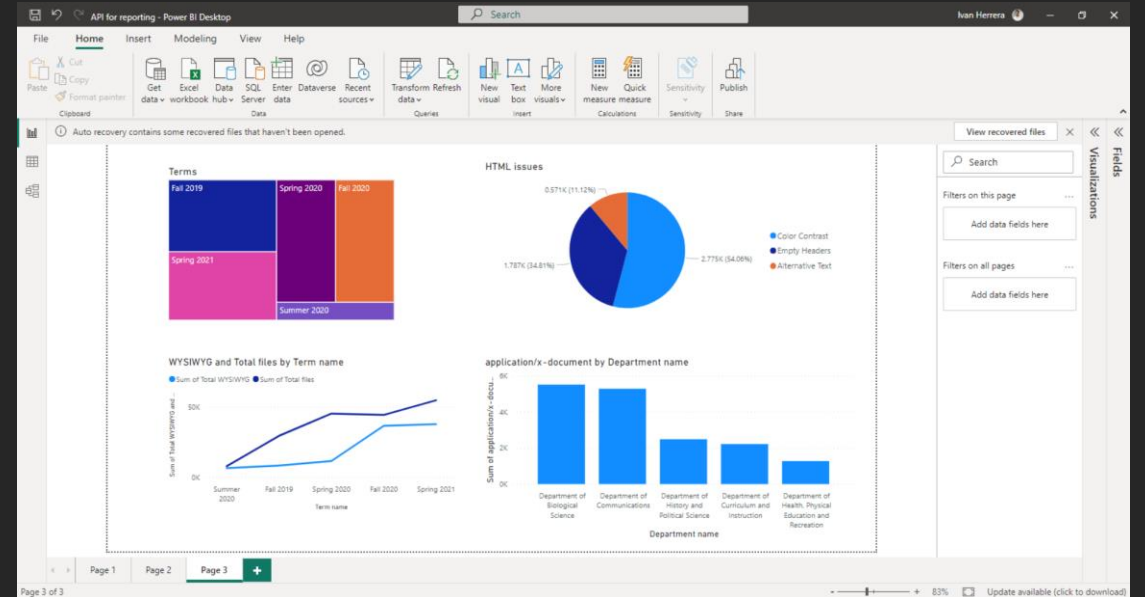

If you are exporting, do you currently use External Reporting tools for this? Which ones?

1-3 MONTHS

API Reporting

- Allow for ways to use Ally's Reporting data in more flexible ways, using External Reporting tools. (PowerBI/Other reporting tools)
- Use 'Live' Data, rather than 'Snapshots'

IN DEVELOPMENT

Discussion:

- The same endpoint can cover multiple reporting use cases and levels:
 - By terms
 - By departments
 - By Courses
 - If your reporting tool supports API data sources, you can integrate it with Ally
 - Power BI
 - Excel
 - Tableau
 - Customized web development
 - Impressions on what you've seen?
-
