Find the Ally Indicators

Your course files and content will now have colour 'dials' next to them. They indicate the file's level of accessibility, and are there to help you prioritise which files you want to fix first. Don't worry, your students can't see them. If you hover over the indicators, you'll see if the accessibility score is 'low,' 'medium,' or 'high.' Click the indicator to see the percentage score, specific issues affecting the file, and instructions for improving the file.
